

Ministry of Financial Services, Commerce & Environment

APPLICATION FOR RECONSTRUCTION/REPAIR OF COASTAL STRUCTURES

Previously licenced/permitted coastal structures damaged by storms can be rebuilt without the issuance of a new coastal works permit provided the following conditions are met:

- The Ministry must be advised of the applicant’s intent by the completion and submission of a “Reconstruction/Repair of Coastal Structures ” application form.
- The structure must be rebuilt to the same dimensions as previously approved and permitted.
- The approved location, footprint and plan area of the coastal structure must remain unchanged.
- Work on the reconstruction must be in accordance with the conditions contained in the original coastal works permit.
- Receipt of a letter from the Ministry advising that reconstruction can commence.
- Notification to the DOE of commencement date of works and subsequent receipt of Coastal Works Notices issued by the DOE.

NOTE

There are no additional fees for reconstruction/repair to permitted structures that meet the above criteria.

DOE Conservation Officers will be inspecting sites to ensure that they comply with conditions specified in their permit. Unauthorised structures may be ordered to be removed and/or subject to prosecution under the National Conservation Law (2013).

PERMIT INFORMATION

Date original coastal works permit /licence issued:

Total area permitted:

Do you have a copy of the coastal works permit/ licence?

- Yes, *If yes please provide copy*
 No

PLEASE CONTINUE ON OTHER SIDE

**NOTE:
ADDITIONAL INFORMATION MAY BE REQUIRED FOR COMPLETE EVALUATION OF THE APPLICATION**

The above policy will apply to all coastal structures in public canals, such as Governor's Harbour, Snug Harbour/Hyatt Canal, Safe Haven Canal. Coastal structures situated in private canals will require authorization from the CPA.

Applicants wishing to construct a new coastal structure, or rebuild a coastal structure that predates the current coastal works application process (i.e. does not have a coastal works licence/permit) or rebuilds in a manner that does not comply with the above conditions will be required to submit a coastal works application. Unauthorized structures may be ordered to be removed and/or subject to prosecution under the National Conservation Law.

I hereby certify that the information provided is accurate and true.
